Parent v Teacher Basketball FUNdraiser Game

Dear parent and guardians:

The 13th annual CMS Parent v Teacher Basketball Game is March 27th at 6:30 p.m.! Every year, we have fun raising money (over \$22,000 total) for our Makerstudio and pretending we have basketball talent and are in shape. But we cannot do this without a parent/guardian team. The game is somewhat competitive and always entertaining, and it is a great way to bring our community together for a school we love.

If you are interested in competing, please email rdungey@bcps.org and **provide your child's name and grade level**. Once we reach twenty parent players we will stop accepting new volunteers, so act fast. Last year the teachers extended their winning streak to 2 games, after a 9-game losing streak. Can they keep the streak alive, or will the parent put an end to the short lived streak.

We will need a parent to coach, organize a practice or two, and to help collect donations and shirt sizes/payment. Thanks to the support of our CMS families we raised over \$2400 last year and filled the stands to almost max capacity. Let's see if we can do it again! If you have any questions, feel free to contact me at rdungey@bcps.org! Thanks for your help with making this year's game a huge success!

~ Mr. Taylor Dungey
