

**CMS FINAL STUDY HALL of Marking Period 2**

In order to align with the needs of each department and increase the number of subjects that students can attend for study hall, we are splitting the departments into two different study hall days. Please see the schedule below. As we have done with past study halls, we will post the specific schedule and code no later than 7:30 am on the morning of the study hall.

**Unless otherwise noted, for specific teachers, study halls on both dates will be 8:15 am – 9:45 am.**
