6th Grade Families:

This message is being sent to make you aware of two important updates for families with students in 6th grade.

1. As the Principal and 6th grade administrator, I decided to create a **Schoology group exclusively for 6th graders**. It is designed to give our new 6th graders one place to find most of what they might be looking for before school starts and throughout the year. In the future, I may open the discussion feature to allow for questions. To join the group, students should go to Schoology, select Groups > My Groups, and then click the blue Join Group button, then enter the access code (BDTN-4CHC-56Z6S) and click Join. The new group will now appear in the group menu. Students should check out the "Resources" link for important information. When in the Student View, parents can click on Groups in the top menu bar to view any groups of which the student is a member. In this view, a parent will be able to see content and activity related to the student. Parents would be able to see any posts, updates, and resources that their student can see. Parents will not be able to see the names of any other student members of the group or any content posted by other students.
2. 6th Grade Student Virtual Orientation will be on September 4, 2020 from 9-11 am. More info, including a link to join, is forthcoming. Please see attached related info.

Doug Elmendorf, Ed.D.  
Principal
